**15%**  
off

Assembly is Necessary

Note: Includes All Necessary Hardware Except Expansion Screws.

Heavy Duty  
Support Up to

**500** lbs.

**Durable**

**Adjustable**

**Built-in Measure**

**Anti-Corrosion**

**UV Protection**

### Adjustable Design

Can be slidably adjusted according to the size of the A/C unit.

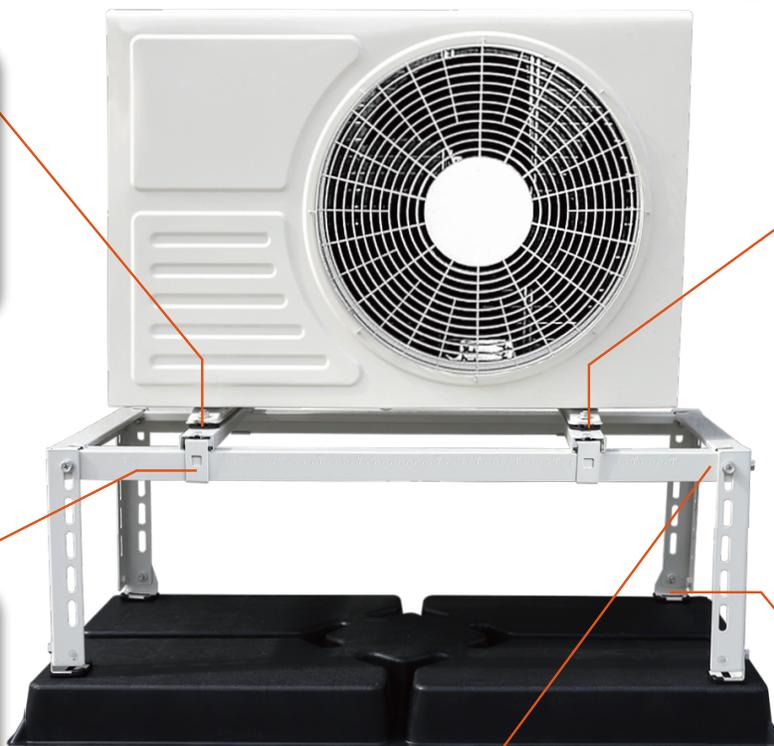

### Anti-Vibration Units

Reduce vibration noise and prevent unnecessary movement.

### Built-in Measure

Helps to confirm the length directly while adjusting the size.

### Durable

Made of high performance steel with a weather-resistant coating, ensuring long-lasting protection.

### Heavy-Duty Support

Designed for long-term outdoor use, supporting up to 500 pounds.

### Easy Installation

Simple to install on a flat surface with all necessary hardware included.

### Anti-Corrosion

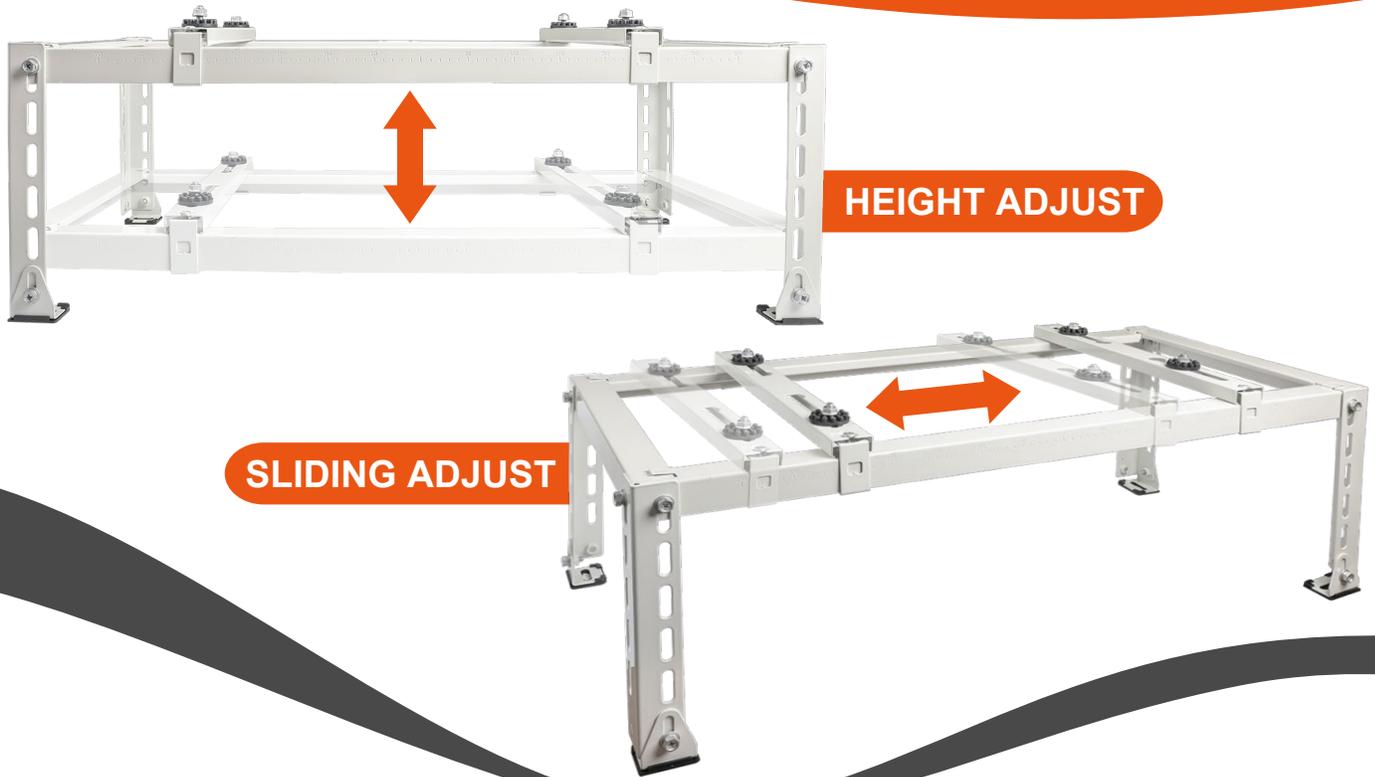

Protecting the A/C unit from rust and moisture damage.

### Universal Design

Compatible with most major brand mini split A/Cs, adhering to industrial code.
