

# COPPER PANCAKE COIL

Soft-drawn Red Copper T2.

Item No.	Description	Std. Pkg	U/M
90001	1/4"OD X 50'	1	EA
90002	5/16"OD X 50'	1	EA
90003	3/8"OD X 50'	1	EA
90004	1/2"OD X 50'	1	EA
90005	5/8"OD X 50'	1	EA
90006	3/4"OD X 50'	1	EA
90007	7/8"OD X 50'	1	EA
90008	1 1/8"OD X 50'	1	EA

## FEATURES

- Offers resistance to high temperatures, corrosion, and oxidation, ensuring durability and a long service life.
- Hollow structure facilitates strong heat transfer capability, resulting in efficient cooling and refrigeration performance.
- Provides efficient heat dissipation and superior refrigeration capabilities, delivering optimal performance even at low temperatures.
- Offers exceptional dimensional accuracy, allowing for easy bending and deformation to meet diverse requirements.
- Compliant with ASTM B743.

## APPLICATIONS

Air conditioner condenser and evaporator

Car air conditioner

Refrigerator refrigeration parts

Water heater

Electrical and thermal conductivity

etc.

## RECOMMENDED PRODUCTS

### COPPER FITTINGS

Elbows / Couplings / Tees / Caps / Reducers / Adapters / Unions / Traps

- Exceptional Durability
- Corrosion Resistance
- High Thermal Conductivity
- Precision Engineering
- Easy to Join and Install
- Versatility
