

## HEAVY DUTY EQUIPMENT MOUNTING HEFTY BLOCK

### Submittal Information

Part No.	19060-19063
Document No.	SPEC19060
Date	2025-05-28
Revision	01

### General Properties

- Material:
- Base Body: 100% recycled rubber
  - Channel: Aluminum
  - Fastener Material: Carbon steel with Dacromet coating
  - Built-in Level: Plastic tube with green liquid level
- Color: Black
- UV-resistant: Yes
- Applications: Suitable for piping, cable trays, electrical conduits, and HVAC systems.

### Specification

Item No.	Description	Fittings Quantity	Std.Qty	U/M
19060	H3.75" x W6.25" x L10"	1 Kits	4	EA
19061	H3.75" x W6.25" x L15.75"	2 Kits	2	EA
19062	H3.75" x W6.25" x L23.625"	2 Kits	2	EA
19063	H3.75" x W6.25" x L39.37"	2 Kits	2	EA

### Features

- Made from durable, weather-resistant recycled rubber.
- Protects roofs from damage.
- Metal strut channel reduces vibration and securely supports equipment.
- Built-in levels indicate if the surface is even.
- Kit includes all necessary installation hardware.
