

CORK/RUBBER PADS

Submittal Information

Part No. 18306-18311
Document No. SPEC18306
Date 2021-11-29
Revision 02

General Properties

Material: Rubber
Color: Black
Maximum bearing capacity: 50 lbs. per square inch

Application

- Vibration Isolation
- Noise Absorbing
- Anti-slip

Specification

Item No.	Specifications	U/M	Std. Pkg.
18306	2" x 2" x 7/8"	EA	100
18307	3" x 3" x 7/8"	EA	36
18308	4" x 4" x 7/8"	EA	24
18309	6" x 6" x 7/8"	EA	12
18310	12" x 12" x 7/8"	EA	12
18311	18" x 18" x 7/8"	EA	6

Features

- Rubber pads with cork sheet, made from high quality elastic materials.
- Cork with ribbed pads on either side for added, have excellent vibration-reducing effect.
- Isolation and positive grip, features alternate rib height for additional vibration isolation under both high and low weight loads.
- Compounded for excellent resistance to aging, compression set and oil.
- Dry indoor applications only.

Note: This pad is made of industrial-grade rubber with excellent performance and will emit rubber odor. If you plan to use indoors, we recommend placing these mats in an open area for at least a week. Washing with soap will also partially reduce the odor.
